

Grant Gamerz Code of Conduct

Gamer Code of Conduct

We believe in providing and supporting an inclusive culture that welcomes everyone. As such, we are committed to providing a friendly, safe, welcoming and fun environment for every participant. Regardless of gender, sexual orientation, disability, ethnicity, or religion. This code of conduct outlines our expectations for behavior by participants, staff and guests. All determinations of appropriate or inappropriate behavior are at the sole discretion of the staff. Their decision will be final.

Please review and reflect the following gamer codes.

- Participants must check each box to show understanding and agreement.
- Both participants and parent/guardian must sign at the bottom to show that they agree to follow and support the gamer codes.

I agree to be respectful in my words and actions towards other and myself.

Gaming should be fun. Avoid actions that put others down or make them feel bad. There is no room for trolling, Raging, or negative spamming. If you are angry about your own play or that of others, take a breath, step away from the game, chat with a staff member or friend about something different. When you're ready, join back with the group with a fresh start.

I agree to be patient and supportive with myself and of others.

Losses happen. Mistakes and poor play happen. Being salty, harsh critiques and accusations do not need to happen. Lift up clothes and yourself. Encourage others when they are playing at expectations that are less than yours or their own.

I agree to be welcoming and inclusive of others.

Everyone is made to feel welcomed and included.

I agree to listen and follow directions by the staff

There will be times where you do not like the certain rules that have been set but it is most important to follow and remember the rules so that you will not have to face disciplinary actions.

I acknowledge that while I am at the Dr. Wesley Grant Sr. Southside Center I will take proper care of the gaming equipment that I am entrusted with. If code of conduct is not followed it may result in suspension from the program.
